The Trustees of the above Charity wish to express their thanks to the six volunteers, Susan, Jo, Nick, Matt, Sophie and Nick (Crawley) from Coca Cola for planting the trees that were donated by The Woodland Trust. They worked extremely hard all day and planted 450 trees. They are a credit to the company and themselves.

This letter will be placed on our website along with the photograph and article from the Oldham Chronicle.

We hope they will follow the progress of the trees they planted which will be chronicled on our website.

Thanks to these young volunteers from Coca Cola, Thorns Beck Wood is now on its way to being established.

On behalf of the Trustees,

Kathleen Pearson, Chairwoman/founder
