

**Below is an example of letter being sent to vets**

We are a UK registered charity with a constitution and trustees (including an MRCVS) with the primary aim of:-

- Financially assisting UK secondary degree vet students who are ineligible for student loans/grants at a university with a vet course registerable with the RCVS.
- We are listed on the RCVS website.
- We currently have 31 students.
- One such student we assisted obtained a 1st class honours at Liverpool University and admits without our help she would not now be a practising vet.
- We guarantee 100% of donations received are sent to the vet faculty where the student is studying.
- If donors pay UK tax we can claim Gift Aid from the government to help support the charity.
- For more information and PayPal facilities, please see our website [www.thedigglers.co.uk](http://www.thedigglers.co.uk).

We are asking for your help to support future colleagues and any amount will be gratefully received.

Thank you on their behalf.

The Digglers trustees.
