

Emails from Michael Gourley & one of the students the bursary scheme is helping

7 July 2015 at 12:18

Hi Michael,

How are you all at the Diggles? I just thought you would like to know I have had my results back from second year and by some miracle I have somehow flunked a pass (no idea how this happened, I had already started revising for resits!). I averaged 73% in my exams (again, no idea how). Anyway, just a little note to say thank you for your support. Now on to year 3!!!!!!

Best wishes,
Jo Whitaker

Hi Jo,

Well, congratulations. You can now enjoy some down time without the worry of resits. However, I presume you'll be working with a practice somewhere, hopefully getting your hands dirty. Please keep us informed of your progress. Would it be OK if we put your email (not email address) onto The Diggles website - we have just started a publicity drive by sending an email to individual veterinary practices about our students and the work we do.

Cheers Michael

Hi Michael,

Of course you can.

At the moment I am half way through EMS but am in a little panic as I feel that I am falling behind with my practical skills in comparison to my peers.

Regarding small animal practice the practise I am based with is super and I really think highly of the vets and their diagnostic skills, but they do not allow students to do much . I understand why but really really would appreciate the experience.

Do you have any ideas or know of anyone who has been in this predicament and how they resolved it?

I hope all is well.

Jo
